## Enough is enough: the fuel ruins!

Motorists feel caught in trap seeing higher prices at the pump: « I feel literally taken hostage, prisoner of the pump [...] » says a motorist. Driving has become a luxury action ! Some people are struggling to make ends meet. The increase affects everyone who needs it ! Even the cheapest stations increase.

« Why are the oil companies making such large profits ? It makes me really angry !!! » says another one.

Beijing follows France with an increase of up to 9 cents difference between fuels.

What is the government doing ? [...] p.2
