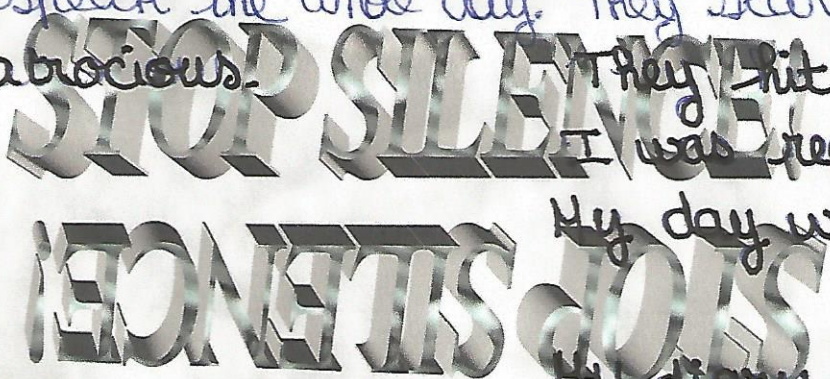
Bully!!!

My diary,
This was my fist day
at my new school,
I knew nobody
I had no friends
I did not speak the whole day.
My day was atrocious!

My diary,
This was my second day at
my new school.
The whole world has begun
to know,
A boy in my class laughed
when he heard my name!
My day was atrocious.

My diary,
This was my third day
at my new school,
A boy band approached
me during the break,
They started to push me
They hit me
I was really scared!
My day was atrocious.



My diary,
This was my fourth
day at my new school,
I was weak,
I was always afraid
of everything,
But I kept everything
to myself...
