

This poem is for the victims of bullying.  
Bullying is extremely wrong, and hurtful.  
The bully can call you names, mock you.  
And it's very harmful  
for the victims because after that, they may want to  
Commit suicide or stay silent.

I've been bullied, It started when I was 6 years old,  
And it stopped when I was 12 years old.  
Because I was fat, and not dressed like the others.  
Fortunately, I grew up and went over it.  
Then I was thinner, and bullying stopped!

I was hurt,  
During 6 years.  
I didn't want to go to school.  
My parents and my best friend,  
Were very helpful to me;  
And, today, I thank them a lot.

So, when bullying starts,  
Your first reaction is talk!  
"Talk about your problems!"  
To your parents, relatives or other adults,  
That will help you!
