

I can't stand dancing and singing because it's boring but I'm crazy about fishing. I practise three times a month.

I'm keen on playing football. I practice once a day. I am quite good at it. And I love playing basketball very much because it's fun but I hate chess because it's boring. I can't bear sailing but ~~and~~ I enjoy cycling. I practice four times a month. I can ride a little.

I'm fond of hunting but I am not interested in going to the cinema. I hate playing the piano because it's difficult.
