

BIG

Understanding videos I'm watching,
and books I'm reading,
love letters I'm writing,
all of it, isn't it wonderful ?
Travelling, discovering, learning and meeting,
souvenirs I'm creating.
My mind keeps them, prints them and brings them back to life
when sadness comes back
I can't understand everything if I do not live them.
Learning English to communicate,
Speaking English to travel, discover, learn and meet
and to find the motivation to think BIG.
