

FRANKENSTEIN

THE FILMS « FRANKENSTEIN » ARE ADAPTATIONS OF MARY SHELLEY'S BOOK « FRANKENSTEIN OR THE MODERN PROMETHEUS ».

Henry Frankenstein is a doctor who is trying to discover a way to make the dead walk. He succeeds and creates a monster that has to deal with living again.

This movie is very good, this actors is very good actors. My best moment is when the monster takes life and when the stive was dead by monster. The very sad moment is when the father is carrying his daughter in his arms.

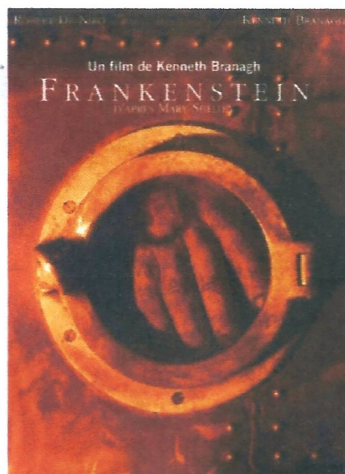

The Release Date is 17 March 1932 in France and the 21 November in USA.

It's a horror, drama and sci-fi film !
