

Margaret's Christmas holiday

publié le 06/04/2021

Oh my God ! I ate too much chocolate at Célia's place ! I put on 3 more kilos ! So then I practised ABS, running and football !

A few days later, we visited Célia's aunt and I thought she was a very nice lady. And when we went back home, I heard the reindeers ! The next morning, when I woke up, I saw there were presents waiting for me under the Christmas tree. I opened them of course ; I had a doll, games, some garments and even some make up !

Afterwards, we all enjoyed a very nice meal with foie gras, chicken and the typical Yule log. I was so satiated that I went to bed !

On the one hand, I was sad to leave Célia's home, but on the other hand I was happy to see the teacher again !

Bye bye !
