

Margaret's adventures with Lola !

publié le 27/05/2019

Hello !

Margaret experimented great new things ! First she flew into space ! She saw Neptune, the Earth, Jupiter and the Moon. It was magnificent !

Then she travelled to Australia and visited the opera in Sydney ! Afterwards, she went to London and she met members of the Royal Family : William, Kate and their children, and of course the famous Queen Elizabeth II !!

Finally, Margaret went back home on an ostrich back !

What great adventures !
