<u>SPY x Family</u>

Spy x Family is a manga (humour, comedy) It's in 9 volumes, it is not finished yet.

It's about Twilight, a \underline{spv}^1 who starts a family for a mission, but he doesn't realize that his fake wife is a <u>killer²</u> and his fake daughter is a telepath.

I recommend this book because it's very funny and interesting.

My favourite character is Anya (the fake daughter) because she is cute and she makes me $laugh^3$ a lot.

Mark: 9,5/10 because it's a very good manga but the storytelling⁴ is too slow.
