Day 2

Merilin and Louise

Today, the Estonian students joined the French students lessons until lunch. After lunch, the French and Estonian students went to a protected park. An environmental police spoke about biodiversity of species in the park. We walked along a trail in the park and we saw a pollen tree. At the end, we did a group activity about biodiversity and glued stickers to a sign. We returned to the school to get our bags and go home with our families after a hot afternoon of walking.
