● Jacques Dutronc

Do you know Jacques Dutronc ? Yes of course !! He is a French famous singer, he is in his sixties. He has been famous since the 60's. Maybe, you know « Il est 5 heures Paris s'éveille » ? Jacques Dutronc is a tall and slim man. He is nice-looking. He has short, straight and brown hair. But his eyes are always hidden because he has sunglasses. He has a square face, and he is always well-dressed with leather jacket for example. Jacques is an handsome, elegant and charming rock-star. He is pretentious, he thinks he is more important than anybody else ; the title of a song proves it : « Et moi, et moi, Et moi ... » . He is a cynical man : he often laughs at people. We think he is lazy because he is not energetic. He likes singing, he smokes the cigar and he drinks a lot. He loves singing rock music and helping his son for his album. He likes meeting his friends. Finally, Jacques Dutronc is a rock-star who is appreciated by young and old people, but he is also a great actor who is loved. He played in « Van-Gogh » . I think he is a frank singer.
